## 'Be A Hero' Shane Koyczan

You don't need to be bulletproof to be a hero  
you don't need a cape to save tomorrow  
you can leap tall curbs in a single stride  
ride buses that maybe aren't more powerful  
than a locomotive  
but public transit  
will get you from 'A' to 'B' safely  
every city has a heart  
and it's time we start stopping  
we've been clogging up the arteries  
with pollution but its a new age  
so gauge your commitment to tomorrow  
by how many steps you take today

the only way to make a difference  
is with a choice  
so let your footfalls on the sidewalk be the voice  
that declares that there's a whole world who shares  
your concern  
let us learn to love the world once more  
put your best foot forward  
walk or run  
skate or skate  
bike or bus  
if you carpool do it minus a single empty seat  
if you feel inclined skip down the street  
we may point and laugh  
but only because that's amazing  
because after all  
we've been waiting for a hero  
it doesn't matter how you get there  
if it's green  
just go.
