# Kamloops Transit Future Plan Draft Vision Statement

The Kamloops Transit System provides convenient transportation throughout the community contributing to the environmental, economic and social sustainability of Kamloops

## Kamloops Transit Future Plan draft goals:

1. The transit system contributes to a more sustainable Kamloops
2. The transit system is efficient
3. The transit system is an attractive alternative to the private vehicle
4. The transit system is safe
5. The transit system is accessible
6. The transit system is integrated with other transportation modes

What are  
your thoughts  
on the proposed  
vision and  
goals?
