Welcome Aboard

Your local transit system runs five days a week. There are four kinds of transit service:

Fixed-route service – scheduled service to major destinations and residential areas.

By Request service – available to additional destinations. Phone ahead or ask your driver. See description inside.

handyDART – door-to-door, shared service for people who are unable to take the fixed-route service.

Health Connections – service to Cranbrook.

About Your Transit System

Funding for your local transit system is cost shared between the Regional District of Central Kootenay and BC Transit. Funding for Health Connections is provided by Interior Health in partnership with the Kootenay East Regional Hospital District, the Regional District of Central Kootenay and BC Transit.

Decisions on fares, routes and service levels are made by the Regional District Board based on public feedback and information provided by BC Transit. Buses are operated by NextGen Transit Inc.

Operating costs are met by a combination of farebox revenues and joint regional district and provincial funding.

Pass Programs

Government of BC Bus Pass Program

The BC Bus Pass Program is offered by the Ministry of Social Development and Poverty Reduction. The annual bus pass is valid for the eligible rider on any fixed-route transit service. The pass is non-transferable.

For information on criteria for eligibility, visit www.buspass.gov.bc.ca or call 1-866-866-0800.

Free Transit for Children 12 and Under

Children aged 6 to 12 ride conventional and handyDART buses for free, without requiring a fare product or identification.

Children aged 5 and under will need to be accompanied by an attendant 12 years or older to ride for free. Children must board and depart at the same stop as the attendant.

Riding the Bus

Bike Racks

Most bikes can be accommodated on BC Transit buses. If you're considering travelling by bike and transit, instructions are posted on the bike racks.

Before your bus arrives, make sure that saddlebags, antennas, child carriers or any other item that could interfere with the driver's vision are removed from the bike.

Bike racks on community buses can only be used during daylight hours. Bikes block the headlights at night.

Visit Rider Info at bctransit.com for an instructional video.

Pets on Board

Only small fur-bearing and feathered pets contained in secure, clean, hand-held cages are permitted on the bus. Cages (hard or soft shell pet carriers) must be small enough to fit on the owner's lap.

Passengers must hold on to their pet's cage at all times. If there is room, the passenger may place and hold the cage beside them on the floor. The cage should not block the aisle or restrict other passengers.

Assistance animals that are certified are allowed on public transit at all times. You may be asked to produce your Guide Animal Certificate.

Safety

The Bus is a Safe Place

Transit drivers can contact local police, ambulance and other emergency services. Transit drivers are also trained to assist a child or adult in need. Tell the driver if you are concerned about your safety.

BC Transit's safety and security practices uphold the *British Columbia Transit Act* and the *B.C. Motor Vehicle Act*.

Be Safe and Be Seen

Sometimes it is difficult for transit drivers to see you at bus stops, especially along unlit roads. Wear light coloured clothing, wear a reflective strip, use a flashlight or use the light from your mobile phone to signal the driver that you are at the stop.

Request-a-Stop

Customers who feel that their personal safety is at risk can ask their driver to stop between regular bus stops. Ask your transit driver at least one bus stop ahead of where you wish to get off. You will be let off at a safe location closest to your request. Please contact your local transit office for details and any time restrictions.
