RIDER’S GUIDE

Effective January 6, 2025
Updated October 2025

City of Salmon Arm
Columbia Shuswap
Regional District
Adams Lake Indian Band

Pets on Board

Only small fur-bearing and feathered pets contained in secure, clean, hand-held cages are permitted on the bus. Cages (hard or soft shell) must be small enough to fit on the owner’s lap. Customers must hold on to their cages at all times. If there is room, the customers may place and hold the cage beside them on the floor. The cage should not block the aisle or restrict other customers.

Guide Dogs and Service Dogs

BC Transit welcomes guide and service dogs on our buses for persons with disabilities in accordance to the *Guide Dog and Service Dog Act* (GDSDA) and the BC Human Rights Code. You will not be asked to provide GDSDA certification; however, when coming on board with a guide dog or service dog, **the dog must be on leash or wearing a harness** and not occupy a seat. Emotional Support or Therapy dogs are not covered under the GDSDA, therefore, they are not permitted on BC Transit vehicles. Guide and/or service dogs are expected to be non-disruptive and non-aggressive while on board the vehicle.

Be Safe, Be Seen

When it’s dark, it becomes difficult for transit drivers to see you at bus stops, especially along unlit roads. Wear light coloured clothing, wear a reflective strip or use a flashlight or the light from your mobile phone to signal the driver that you are at the stop.

Request-a-Stop

After dark, customers who feel that their personal safety is at risk, can ask their driver to stop between regular bus stops. Ask at least one bus stop ahead of where you wish to get off. You will be let off as close to your request as safely possible. For safety reasons, leave by the front doors. Customers using wheelchairs must use designated wheelchair-accessible bus stops.

Bus Stops in Rural Areas

Some rural community systems do not have physical bus stops. Only in these situations can customers ‘wave’ a bus down on designated roads. Contact your local transit office to see if this service is available in your area.

When you want to flag the bus, find a safe location along the route and wave at the bus. A safe location is one where visibility is good and where the bus can easily pull off the road, such as a driveway. The same should apply when you want to get off the bus.

- customers with a disability or mobility issue, and
- customers with baby strollers.
