## About Your Transit System

Funding for your local transit system is cost shared by local governments and BC Transit. Decisions about fares, routes and service levels are made by town councils and regional district boards, based on information and planning provided by BC Transit. Buses are operated by local operating companies. Operating costs are met by a combination of farebox revenues and joint regional district, municipal and provincial funding.

Penticton, Naramata, Summerland, Osoyoos, Okanagan Falls, West Bench and 70 Kelowna/Penticton buses are operated by Penticton Transit Service Ltd. Princeton and 50 Princeton/Penticton buses are operated by Princeton & District Community Services.

## How to Ride

### Bikes and Scooters

Most bikes can be accommodated on BC Transit buses when their wheels fit properly in the rack. If you are considering travelling by bike and transit, instructions are posted on the bike racks.

Before your bus arrives, make sure that saddlebags, antennas, helmets, child carriers or any other item that could interfere with the driver's vision are removed from the bike. Electric bikes are only allowed on the bike rack when they weigh less than 25 kg (55 lbs), and the battery (lithium only) is removed from the bike and brought on board the bus with the customer.

Bike racks on community buses can only be used during daylight hours. Bikes block the headlights at night. Visit *Rider Info* at [bctransit.com](http://bctransit.com) for an instructional video.

### Pets on Board

Only small fur-bearing and feathered pets contained in secure, clean, hand-held cages are permitted on the bus. Cages (hard or soft shell) must be small enough to fit on the owner's lap. Customers must hold on to their cages at all times. If there is room, the customers may place and hold the cage beside them on the floor. The cage should not block the aisle or restrict other customers.

### Guide Dogs and Service Dogs

BC Transit welcomes guide and service dogs on our buses for persons with disabilities in accordance to the Guide Dog and Service Dog Act (GDSDA) and the BC Human Rights Code. *You will not be asked to provide GDSDA certification*; however, when coming on board with a guide dog or service dog, **the dog must be on leash or wearing a harness** and not occupy a seat. Emotional Support or Therapy dogs are not covered under the GDSDA, therefore, they are not permitted on BC Transit vehicles. Guide and/or service dogs are expected to be non-disruptive and non-aggressive while on board the vehicle.

### No Smoking

Provincial and Federal laws (Tobacco and Vapour Products Control Act and Cannabis Control and Licensing Act) prohibit smoking and vaping tobacco and cannabis products in bus shelters and on transit vehicles at all times and within 3 meters (10 feet) (tobacco) and 6 meters (19.6 feet) (cannabis) of the bus stop sign.

Use of electronic cigarettes are not permitted on transit vehicles or on property controlled by BC Transit.

## Safety

### Request-a-Stop

Customers who feel that their personal safety is at risk can ask their driver to stop between regular bus stops. Ask your transit driver at least one bus stop ahead of where you wish to get off. You will be let off at a safe location closest to your request. Please contact your local transit office for details and any time restrictions.

### Safety Tips

- Customers may board only at designated bus stops. Please do not put your safety at risk trying to board a bus that is in mid-traffic. While in traffic, your transit driver cannot safely let you on or off the bus.
- If you have difficulty boarding, please tell your transit driver that you need time to get to the first available seat.
- Always use handrails and stanchions.

## Accessibility

### Courtesy Seating

BC Transit serves everyone on a first-to-board basis. Courtesy seating is the front accessible area of the bus and is especially vital to:

- customers who use scooters, wheelchairs, pediatric strollers or other mobility aids
- customers with a disability or mobility issue
- customers with baby strollers

Your mobility aid must not exceed 2 feet by 4 feet (61 cm by 122 cm). If your mobility aid is larger, please contact your local transit office for an assessment.

Mobility aids include scooters, wheelchairs, baby strollers and pediatric strollers.

### Baby Strollers and Walkers

- should be collapsible
- must be kept clear of the aisles
- must be positioned in an unoccupied wheelchair location with the brakes set
- must be held on to at all times.

When wheelchair positions are occupied or required by another customer or if the bus is not a low floor bus, please store your folded stroller or walker between seats. Hold on to your child at all times.

## Attendants

Customers using wheelchairs or scooters, registered handyDART customers or CNIB pass holders may travel with an attendant. Please let your transit operator know if the person travelling with you is your attendant. Attendants travel free and must board and exit at the same stop as the customer requiring assistance and help to load and secure mobility aids on the bus. Your driver will ensure that the securements are properly fastened.

## Accessible Stops

The accessible features on a bus can only be safely used at designated bus stops. These stops are identified by a white and blue decal featuring the International Symbol of Access. Customers using wheelchairs and scooters may board and exit from the bus only at accessible bus stops. To check if a stop is accessible, call **1-844-442-2212**

## Signal Your Bus

Some rural community systems have no or few bus stops. In these communities, customers can “wave” a bus down on designated roads.

When you want to flag the bus, find a safe location along the route and wave at the bus. A safe location is one where visibility is good and where the bus can easily pull off the road, such as a driveway.

The driver may not be able to safely stop for you if the posted speed limit exceeds 60 km/hr.
