Welcome Aboard!

Your local transit system runs six days a week. Buses serve the City of Terrace and the Regional District of Kitimat-Stikine.

Fixed-route service – scheduled service to major destinations and residential areas within Terrace. Low-floor buses make it easy for everyone.

Regional service – service provided by Skeena Regional Transit.

handyDART – door-to-door, shared service for people who are unable to take the fixed-route service.

About Your Transit System

Funding for your local transit system is cost shared between the City of Terrace, the Regional District of Kitimat-Stikine and BC Transit.

Decisions on fares, routes and service levels are made by the Terrace City Council based on public feedback and information provided by BC Transit. Buses are operated by Pacific Western Transportation.

Operating costs are met by a combination of farebox revenues and joint local, regional district and provincial funding.

Government of BC Bus Pass Program

The BC Bus Pass Program is offered by the Ministry of Social Development and Poverty Reduction. The annual bus pass is valid for the eligible rider on any fixed-route transit service. The pass is non-transferable.

For information on criteria for eligibility, visit www.gov.bc.ca/buspassprogram or call 1-866-866-0800.

Bike Racks

Most bikes can be accommodated on BC Transit buses. If you're considering travelling by bike and transit, instructions are posted on the bike racks.

Before your bus arrives, make sure that saddlebags, antennas, child carriers or any other item that could interfere with the driver's vision are removed from the bike.

Bike racks on community buses can only be used during daylight hours. Bikes block the headlights.

Visit *Rider Info* at bctransit.com for an instructional video.

Accessibility

Courtesy Seating

BC Transit serves everyone on a first-to-board basis. Courtesy seating is the front accessible area of the bus and is especially vital to:

- customers who use scooters, wheelchairs, pediatric strollers or other mobility aids
- customers with a disability or mobility issue
- customers with baby strollers

Your mobility aid must not exceed 2 feet by 4 feet (61 cm by 122 cm). If your mobility aid is larger, please contact your local transit office for an assessment.

Mobility aids include scooters, wheelchairs, baby strollers and pediatric strollers.

Baby Strollers

- should be collapsible
- must be kept clear of the aisles
- must be positioned in an unoccupied wheelchair location with the brakes set
- must be held on to at all times

When wheelchair positions are occupied or required by another customer or if the bus is not a low floor bus, please store your folded stroller between seats. Hold on to your child at all times.

Attendants

Customers using wheelchairs or scooters, registered handyDART customers or CNIB pass holders may travel with an attendant. Please let your transit operator know if the person travelling with you is your attendant. Attendants travel free and must board and exit at the same stop as the customer requiring assistance and help to load and secure mobility aids on the bus. Your driver will ensure that the securements are properly fastened.

Flagging the Bus

In some rural communities that do not have physical bus stops, customers can "wave" down the bus from a safe location. A safe location is one where visibility is good and where the bus can easily pull off the road.

A driver may not be able to safely stop for you if the posted speed limit exceeds 60 km/hr.

As this service operates primarily on the highway where the posted speed limit exceeds 60km/hr, it is **strongly recommended** that customers use designated bus stops.

Be Safe and Be Seen

Sometimes it is difficult for transit drivers to see you at bus stops, especially along unit roads. Wear light coloured clothing, wear a reflective strip, use a flashlight or use the light from your mobile phone to signal the driver that you are at the stop.
