

Quick Facts - Taxi Saver Program

Within handyDART service, there is a supplementary Taxi Saver Program. The Taxi Saver Program offers another transportation option, in Greater Victoria, when handyDART cannot accommodate a customer's travel request. Many handyDART customers use a combination of fixed-route and handyDART services depending on their travel needs. To qualify for the Taxi Saver program, you must be a permanent handyDART customer, 12 years of age or older, and have a handyPASS.

handyPASS is a photo identification card for permanent handyDART customers. It is used when purchasing Taxi Saver vouchers, taking a taxi ride, and can be used if travelling with an Attendant on fixed-route to allow your Attendant to ride free.

- ✓ handyPASS cards now include an expiry date.
- ✓ If your card is lost or damaged, there is a \$7 replacement fee.

Taxi Saver Vouchers

Taxi Saver provides a 50% subsidy towards the cost of taxi rides. The handyDART customer pays \$40 for a sheet of \$1, \$2 and \$5 Taxi Saver vouchers, worth \$80.

- ✓ A customer may buy *one sheet of vouchers per calendar month*.
- ✓ Vouchers do not expire and are not transferable to other people or transit systems.

Booking a Taxi Saver Trip

When you phone a taxi company, verify if they accept Taxi Saver vouchers and let them know if you require an accessible vehicle.

Pay the Taxi

- ✓ **Show your handyPASS** to the taxi driver when making payment. The driver cannot accept vouchers without seeing your handyPASS.
- ✓ **Use your Taxi Saver vouchers to pay** the dollar amount of the taxi meter fare.
For example, if a taxi fare is \$5.80, pay \$5.00 in vouchers and 80 cents in change.
(Taxi drivers do not give change on Taxi Saver coupons.)
- ✓ **Bring change** to pay the amount above the dollar and a possible tip.

You can bring a companion with you in the taxi.
