### **About Your Transit System**

Funding for West Kootenay Transit is cost shared between the Regional District of Central Kootenay, Regional District of Kootenay Boundary, City of Nelson and BC Transit. Funding for Health Connections service is provided by the Interior Health Authority.

Decisions on fares, routes and service levels are made by local governments based on recommendations by the West Kootenay Transit Committee (made up of local government representatives), based on public feedback and information provided by BC Transit. Buses are operated by the City of Nelson and Keolis Canada.

Operating costs are met by a combination of farebox revenues and joint local and provincial funding.

### Government of BC Bus Pass Program

The BC Bus Pass Program is offered by the Ministry of Social Development and Poverty Reduction. The annual bus pass is valid for the eligible rider on any fixed-route transit service. The pass is non-transferable.

For information on criteria for eligibility, visit www.gov.bc.ca/buspassprogram or call 1.866.866.0800.

### **How to Ride**

#### **Bike Racks**

Most bikes can be accommodated on BC Transit buses when their wheels fit properly in the bike rack. Bike racks have space for two bikes. If you are considering travelling by bike and transit, instructions are posted on the bike racks.

Before your bus arrives, make sure that saddlebags, antennas, helmets, child carriers or any other item that could interfere with the driver's vision are removed from the bike. Electric bikes are only allowed on the bike rack when they weigh less than 25kg (55 lbs.), and the battery (lithium only) is removed from the bike and brought on board the bus with the customer.

Bike racks on community buses can *only be used during daylight hours*. Bikes block the headlights at night. Visit *Rider Info* at bctransit.com for an instructional video.

### **Safety**

### The Bus is a Safe Place

Transit drivers can contact local police, ambulance and other emergency services. Transit drivers are also trained to assist a child or adult in need. Tell the driver if you are concerned about your safety.

BC Transit's safety and security practices uphold the *British Columbia Transit Act* and the *B.C. Motor Vehicle Act*.

#### Be Safe and Be Seen

Sometimes it is difficult for transit drivers to see you at bus stops, especially along unlit roads. Wear light coloured clothing, wear a reflective strip, use a flashlight or use the light from your mobile phone to signal the driver that you are at the stop.

### Request-a-Stop

Customers who feel that their personal safety is at risk can ask their driver to stop between regular bus stops. Ask your transit driver at least one bus stop ahead of where you wish to get off. You will be let off at a safe location closest to your request. Please contact your local transit office for details and any time restrictions.

### **Accessibility**

### **Baby Strollers**

- should be collapsible
- must be kept clear of the aisles
- must be positioned in an unoccupied wheelchair location with the brakes set
- must be held on to at all times.

When wheelchair positions are occupied or required by another customer or if the bus is not a low floor bus, please store your folded stroller between seats. Hold on to your child at all times.

### handyDART

handyDART is a door-to-door, shared transit service for people unable to take fixed-route transit.
