Ms. Susan Brice
Chair,
Victoria Regional Transit Commission
520 Gorge Road East
Victoria, BC

Dear Ms. Brice,

I am writing to express the support of the Downtown Residents Association for the extension of late-night bus service to 3 am on Friday, Saturday and pre-holiday nights in the downtown core.

As a number of other stakeholders have noted, this would significantly reduce noise, disruption and safety concerns for downtown residents after bars and other venues close, by offering both patrons and workers an affordable means of quickly exiting the core area.

We look forward to a positive response from the Commission and hope this solution for downtown residents, hospitality workers and visitors alike can be implemented soon.

Sincerely,

Paul J. Gandall
