

Bulkley-Nechako Regional Transit

RIDER'S GUIDE

Effective November 6, 2017
Updated March 2024

Welcome Aboard

Your transit system serves the area from Burns Lake to Prince George and Burns Lake to Smithers, serving all community members along Highway 16 between these destinations.

This service has a fixed-route and schedule. Buses are accessible and equipped with a lift.

About your transit system

Funding for this service on Highway 16 is provided through a partnership with the government of British Columbia and BC Transit. Ongoing funding for Bulkley-Nechako is cost shared between the Regional District of Bulkley-Nechako and BC Transit.

Decisions on fares, routes and service levels are made by the Regional District of Bulkley-Nechako based on public feedback and information provided by BC Transit. Buses are operated by Pacific Western Transportation.

Operating costs are met by a combination of farebox revenues and joint local government and provincial funding.

Government of BC Bus Pass Program

The BC Bus Pass Program is offered by the Ministry of Social Development and Poverty Reduction. The annual bus pass is valid for the eligible rider on any fixed-route transit service. The pass is non-transferable.

For information on criteria for eligibility, visit www.buspass.gov.bc.ca or call 1-866-866-0800.

Flagging the Bus

In some rural communities that do not have physical bus stops, customers can "wave" down the bus from a safe location. A safe location is one where visibility is good and where the bus can easily pull off the road.

A driver may not be able to safely stop for you if the posted speed limit exceeds 60 km/hr.

As this service operates primarily on the highway where the posted speed limit exceeds 60km/hr, it is **strongly recommended** that customers use designated bus stops.

Be Safe and Be Seen

Sometimes it is difficult for transit drivers to see you at bus stops, especially along unlit roads. Wear light coloured clothing, wear a reflective strip, use a flashlight or use the light from your mobile phone to signal the driver that you are at the stop.

Winter and Web Updates

Winter road conditions may affect the schedule and possibly the routing, particularly within Burns Lake.

For the latest information, check the website for Trip Alerts, found on the Bulkley-Neckako home page and under Schedules and Maps.

Riding the Bus

- Seats are for customers, not bags, feet or wet umbrellas. Please allow others to make use of the seats. Hold your bag on your lap or on the floor where it will not obstruct aisles or other customers.
- We appreciate your help in keeping the bus clean. Take your garbage with you when you leave.
- A bus ride is a great time to listen to music, but please be considerate — loud music coming from a headset can bother others.

Always

- Always arrive at the bus stop a few minutes early
- Always have your correct fare ready before boarding
- Always take a seat as soon as possible
- Always hold on while the bus is in motion
- Always keep your head, hands and arms inside the bus
- Always remind your driver, before you leave the bus, if you need to remove your bike from the bike rack
- Always hold on to your children, strollers, parcels, luggage and sports equipment
- Always assist your children on and off the bus

Never

- Never allow your children to stand or kneel on the seat while riding the bus
- Never enter the street in front of or directly behind a stopped bus – make sure traffic can see you
- Never use offensive or abusive language on the bus

No Smoking

Provincial tobacco laws (*Tobacco and Vapour Products Control Act*) prohibit smoking in bus shelters, on transit vehicles at all times and within 3 metres (10 feet) of the bus.

Bike Racks

Before your bus arrives, make sure that saddlebags, antennas, child carriers or any other item that could interfere with the driver's vision are removed from the bike. Electronic and gas-powered bikes cannot be transported on the bike rack for safety reasons.

Bike racks on community buses can only be used during daylight hours as bikes can block the headlights.

Visit *Rider Info* at www.bctransit.com for an instructional video.

Mobility Aids

BC Transit wants to transport all of our customers safely, however some mobility devices may not fit or secure properly. Mobility devices must have securements and functioning brakes. Maximum length is 120 cm (48 in.), maximum width 60 cm (24 in.), combined weight of mobility aid and customer cannot exceed 272 kg (600lbs). Our buses are equipped with a lift. Check bctransit.com, Rider Info, for more information.

Strollers

- Should be collapsible
- Cannot exceed 2 feet by 4 feet (24" by 48" or 60.96 cm by 121.92 cm)
- Must be kept clear of the aisles (the width of the distance between the normal seats, not the width of the accessible area)
- For safety reasons, strollers are not permitted to use the lifts or securement devices. Securements on the buses are for scooters and wheelchairs only.

Food and Beverages

To keep buses clean and safe, any food or drink you bring on board must be in a closed container that is spill-proof. Coffee and other beverages can be consumed on board provided the beverage is carried in a sturdy container with a lid that will prevent the liquid from spilling. Open alcohol is not permitted on the bus.

Pets on Board

Only small fur-bearing and feathered pets contained in secure, clean, hand-held cages are permitted on the bus. Cages (hard or soft shell) must be small enough to fit on the owner's lap. Customers must hold on to their cages at all times. If there is room, the customers may place and hold the cage beside them on the floor. The cage should not block the aisle or restrict other customers.

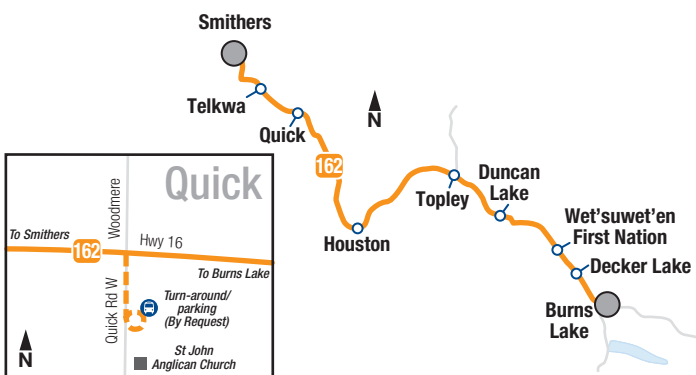

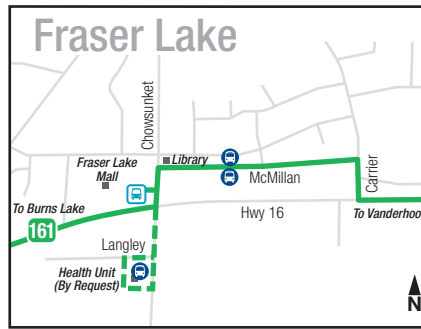

Guide Dogs and Service Dogs

Guide and service dogs that are certified by the government of British Columbia are allowed on public transit at all times. This does not include emotional support or therapy dogs. If you're using a guide or service dog while travelling on one of BC Transit's services, the animal must wear its harness or leash. For more information, visit bctransit.com.
