PREPARED FOR: Victoria Regional Transit Commission (VRTC)

PREPARED BY: Elise Wren, Government Relations Manager

SUBJECT: Rise and Report – Correspondence to the Reconciliation Corridor Initiative Steering Committee

RISE AND REPORT

The Commission is rising and reporting on correspondence sent on April 20th, 2026 to the Reconciliation Corridor Initiative Steering Committee. This direction arose from the closed Strategic Workshop on April 14, 2026.

The letter requests that BC Transit and the Victoria Regional Transit Commission be provided a more formal, non-voting role in the RCI planning process, to support information-sharing and alignment with long-range regional transit planning.

The correspondence reflects findings from BC Transit's Regional Transit Plan indicating the future need for higher-order transit in the West Shore to Victoria corridor.

This correspondence was authorized while the Commission was meeting in camera and is now reported publicly.
