

Victoria Regional Transit Commission

Chair and Members

February 23, 2021

#11

SUBJECT: 10 Year Vision Report

PURPOSE

To provide the Commission with a summary regarding the 2021 update to the 10 Year Vision. This report is presented to the Commission for **INFORMATION**.

BACKGROUND

The 10 Year Vision outlines the vision for the Victoria Regional Transit System over the next 10 years, and summarizes all of the plans, projects, and priorities seeking to move the transit system towards that vision. The 10 Year Vision is updated annually, contains an actionable and measurable strategy, providing both the Commission and the public with a roadmap for transit development into the future.

The first 10 Year Vision was endorsed by the Victoria Regional Transit Commission in November 2020. The 10 Year Vision document provides the 2021 update of the original report (see document 12a attached).

DISCUSSION

This 10 Year Vision revision includes information on BC Transit's COVID-19 Response Plan, the inclusion of targets related to system-level key performance indicators, an update to system statistics, the planned service investment trajectory, and planned and scheduled projects for the Victoria Regional Transit System.

RECOMMENDATION

It is recommended that the Victoria Regional Transit Commission receive for **INFORMATION**.
