

Victoria Regional Transit Commission

Chair and Members

November 9, 2021

#10

SUBJECT: ATAC UPDATE

PURPOSE

To provide the Commission with a summary report regarding the activities of the Accessible Transportation Advisory Committee (ATAC). This report is presented to the Commission for **INFORMATION**.

BACKGROUND

The minutes of the last ATAC meeting, held on September 10, 2021, are attached. Highlights of this meeting included:

- A member of the committee having to resign due to personal reasons;
- Confirmation of changes to the ATAC Charter;
- An overview of the handyDART system performance;
- An overview of the Travel Training Program;
- An update on the progress of the new handyDART facility; and,
- Discussion on recruitment efforts for 2022 committee members

DISCUSSION

With the resignation of a committee member, discussion took place on how to proceed with six active members. It was agreed, despite being one member less than required in the updated ATAC Charter, that the Committee will carry on for the rest of the 2021 term and that a concerted effort to recruit and select additional members will start in November for the Commission's approval in early 2022.

The next ATAC meeting is scheduled for December 10, 2021.

RECOMMENDATION

It is recommended that the Victoria Regional Transit Commission receive the ATAC Update for **INFORMATION**.
