

There are now three ways to book handyDART trips:

- Call and talk directly to an agent to book your trips - call 727-7811 and press 0
- Call and book your trips without agent assistance by using our touch tone phone system - call 727-7811 and press 2
- Book your trips through the handyDART website at www.handyDART.com

If you wish to continue to book trips through a customer service agent, do not complete this form. However, if you want to book your trips without assistance using the automated touch tone phone system or the on-line web system, you must register your usual destinations when using handyDART. The automated system can only book to the locations we add to your file. If you provide the telephone number, the handyDART arrival notification call will go to the specific pick-up location.

To add or remove destination to your list or to book a trip to a location not on your list, call our customer service agents at 727-7811 and press 3.
