

Proposed Route: Terrace – Prince Rupert

Transit operates two round trips per day two or three days per week.

- Depending on days of service, the bus may connect to/from the Hazeltons area – Terrace trips.
- Terrace has been suggested as the hub location for the whole network as it best positions a spare bus contingency. Alternatively, Prince Rupert could be the hub which may better match passenger demand but wouldn't have the same contingency benefits.
- Depending upon the final hub location, opportunities to coordinate schedules with existing transportation providers in the area will be reviewed.
