

# Happy Holidays!

Wishing you a safe holiday season from all of us at BC Transit. We hope this mini paper-craft holiday bus helps bring some cheer to your day. For more fun activities please visit [ride.bctransit.com](http://ride.bctransit.com)

## Directions

**Step 1:** Print and cut out along blue line. Use a glue stick to attach to a piece of thin cardboard like a cereal box. Allow to fully dry before proceeding.

**Step 2:** Carefully cut out the bus along the outline using scissors or craft knife (recommended).

Tag us on social media using [#buspass](https://twitter.com/bustransit) to share your creation!

**Step 3:** Carefully score along fold lines, then fold and tape or glue the tabs to assemble your mini-bus!

**Step 4:** Using a needle, puncture two holes on the top of the bus on the dots shown. Thread fishing line through and tie a knot to turn your bus into a holiday decoration!
